PROCHEM®

A275 FIBREFRESH 1 LITRE SPRAY

LABEL INSTRUCTIONS

Product Description & Directions For Use:

- Bio-enzymatic dual-action deodoriser
- Fast odour control with long-term natural biological action
- Neutralises and digests odours on carpets, fabrics and most surfaces
- Effective against urine, food and smoke and many other organic odours

A dual-action biological deodoriser for professional restoration and institutional cleaning applications. Fibrefresh incorporates a fast acting odour absorbing formula with long-lasting bio-enzymatic action to neutralise most organic odour residues such as urine, food and smoke in carpet, fabrics and most surfaces.

DIRECTIONS

For professional and industrial use only.

Always pre-test surface to be treated in an inconspicuous location.

Remove odour-causing surface soil when possible.

Apply directly onto odour source using spray. Do not mist into air.

Allow solution to penetrate and contact the source of the odour.

Allow dwell time for deodorisation and biological digestion process.

For difficult odour problems re-apply Fibrefresh and allow to dry.

FIBREFRESH is a dual action biological deodoriser for professional restoration and institutional cleaning applications.

- Fast acting odour absorbing formula with long lasting bio-enzymatic action.
- Apply ready-to-use solution from trigger spray bottle before cleaning and after rinsing.
- Clear liquid with sweet fresh fragrance.

pH : 7.5

HANDLING AND SAFETY

For professional and industrial use only.

Keep out of the reach of children.

Do not get in eyes, on skin, or on clothing.

Wear protective gloves.

IF IN EYES, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention.

Please consult the Safety Data Sheet before using this product.
