

B162 FIBREBUFF

LABEL INSTRUCTIONS

Product Description & Directions for Use:

An acidic based additive for cleaning water damaged carpet and fabric and removing jute "browning" and tea and coffee stains in conjunction with B151 Oxibrite.

For professional and industrial use only.

Mix 60ml. (4 measure scoops) of B162, with 30ml. (2 measure scoops) of B151 Oxibrite and 250ml. of B105 Fibre Shampoo per 5 litres of warm to hot water.

Always pretest carpet or fabric for colour fastness before proceeding.

Apply mixed solution by sprayer or rotary shampoo machine, then brush affected areas and leave to dry.

For best results do not rinse out with extraction machine.

For carpet stains and fabrics, apply foam only using a sponge or natural fibre brush.

Allow treated area to dry. For best results do not rinse out with extraction machine.

For further improvement a second application may be necessary.

- pH reducer and debrowning additive for carpets and fabric, jute browning, tea and coffee stains.
- Acidic powder additive for use in conjunction with B151 Oxibrite and B105 Fibre Shampoo
- White powder.

pH: 4.5

Keep out of the reach of children.

Do not get into eyes, on skin, or on clothing. Wear protective gloves.

IF IN EYES: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

Continue rinsing. Get medical advice / attention.

Safety data sheet available on request.
