NATURAL CARPET DEODORISER

LABEL INSTRUCTIONS

Product Description & Directions for Use:

- Powerful bio-enzymatic deodoriser with two-phase action
- Removes organic odours from carpet
- Effective against urine and other offensive odours
- Biodegradable, phosphate free, contains eco-surfactant
- Mild pH safe for most types of carpet
- Polymer technology – leaves no sticky residues to attract soil
- Contains natural lavender, orange and peppermint oil fragrance

For professional and industrial use only.

Always pre-test carpet for colourfastness with diluted solution in an inconspicuous area before proceeding.

Vacuum carpet and remove odour causing surface soil when possible.

Natural Carpet Deodoriser is ready to use. Do not dilute with water.

Apply Natural Carpet Deodoriser directly to carpet using a spray applicator near to carpet surface.

Do not mist Natural Carpet Deodoriser into the air.

Allow at least 15 minutes dwell time for deodorisation process, then rinse-extract with E772 Natural Carpet Cleaner.

For difficult odours, Natural Carpet Deodoriser may be re-applied after the rinse-extraction process and left to dry.

- Natural bio-enzymatic carpet deodoriser with micro-encapsulation formula
- Based on natural biological cultures that digest organic odours in carpets
- Contains no biocides
- Ready-to-use 1 litre spray

pH: 8

Keep out of reach of children.

Do not get in eyes, on skin, or on clothing. Wear protective gloves.

IF IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do.

Continue rinsing. Get medical advice / attention.

Please consult the Safety Data Sheet before using this product.
